

Supplied

1-4 hanging plates
depending on the size of
your canvas
Screws
Picture hook(s)
Hardened picture nails

What you'll need

Tape measure
Spirit level
Soft pencil
Screwdriver
Hammer

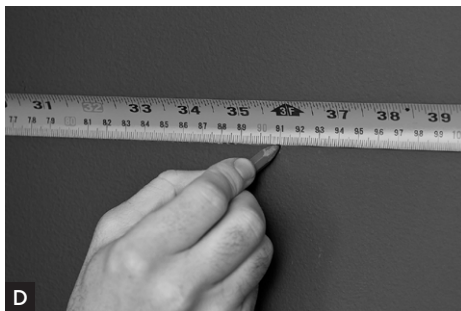

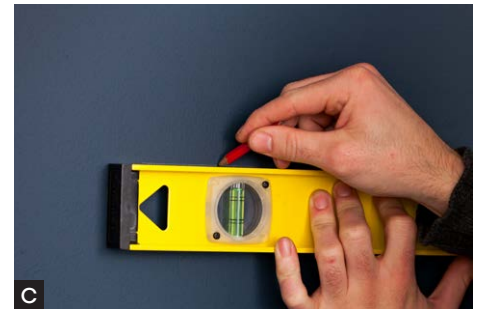

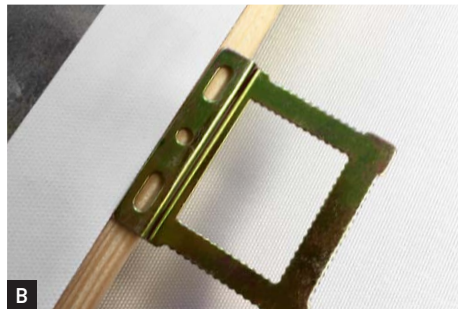

1. How to install

Hanging your stretched canvas is simple with our hanging plates.

Your unstretched canvas is ready to be stretched by your preferred experts or can be stretched yourself. For information or assistance on how to put together an unstretched canvas, please contact a member of the Surface View team for guidance.

If you have any questions about installation, please contact us on 0118 922 1327 or email info@surfaceview.co.uk for further information and advice.

2. For smaller canvases you will only need one hanging plate fixed to the centre of the top stretcher bar of your canvas. For larger canvases we recommend you use two hanging plates and space them equally across the top stretcher bar, along with one hanging plate fixed to the centre of the bottom stretcher bar of your canvas. See the above image (B) for how to fix these to the stretcher bar to ensure your fixings are invisible when the canvas is hung. When you are satisfied on their position, checking that they are square to the frame, fix them in place with the screws provided.

3. Once the hanging plates are fixed to the frame, you're now ready to mark where your picture hooks need to be located. Offer your canvas up to the wall and use a spirit level (C) to make sure the canvas is square, then use a soft pencil to mark the top edge and sides of the frame. (D) Next, measure the distance from edge of the canvas to the centre of each hanging plate and from the top of the canvas frame to the bottom of the hanging plate(s). Mark these points on the wall.

4. Place the picture hook on the wall so that the centre of the bottom edge of the hook lines up with the fixing points you have marked on the wall. Using a hammer fix the picture hook in place with the hardened picture nails provided. (E) Check the hook is secure before hanging your canvas. Offer the canvas up to the wall and lower the hanging plates onto the hooks. Allow to hang freely.

5. Stand back and admire!
